Benjamin Haake | Curriculum Vitae

ben_haake@web.de • benninan.github.io

A curiosity-driven collaborator, problem-solver, and perpetual learner.

Education

PhD in Mathematics — **Edinburgh**
University of Edinburgh — *2022–2026*
PhD thesis: Generalised symmetries, orbifold data, and gauging.

Bachelor and Master of Science in Physics — **Heidelberg**
Heidelberg University, BSc 2018, MSc 2021 — *2015–2021*

Volunteering: Community Building and Management

Member of the CdE e.V. — **Oberwesel, Bad Hersfeld, Windischleuba**
Week-long "Academies" for up to 400 participants — *Since 2015*
Attended university-level courses on inclusive teaching, international law, Judith Butler, quantum algorithms, deep learning, English linguistics, designing board games, and more. See teaching below for courses led.

Volunteer Management — **Oberwesel, Bad Hersfeld, Windischleuba**
First points of contact, and on-call emergency team — *20 events since 2022*
Conceptual development and coordination of two volunteer groups: One as a first point of contact for any issue (often mental health or interpersonal), the other as a more coordinated effort in case of any emergencies. Training volunteers in conversation skills and emergency protocols, and raising mental health awareness.

Workflow development and optimisation — **Remote**
Feedback, Awareness, Complaints, and Intervention Teams — *Since 2022*
Leading roles in developing and running systems aimed at fostering inclusivity and safer spaces, providing guidelines to organisers and course instructors, and supporting all participants during and after events.

Organiser of the Winter Academy 2024/25 — **Remote & Windischleuba**
Event organisation — *2024–2025*
Assigning courses, course rooms, materials, and accommodation based on a preferential voting system, inventory management, and communicating with course instructors and participants on individual needs.
